

§ 216-16. Purpose.

This article prohibits the spilling, dumping, or disposal of materials other than stormwater into the municipal separate storm sewer system (MS4) operated by the City of Somers Point, so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

§ 216-17. Definitions.

For the purpose of this article, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this article clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) — A conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) that is owned or operated by City of Somers Point or other public body, and is designed and used for collecting and conveying stormwater.

PERSON — Any individual, corporation, company, partnership, firm, association, or political subdivision of this state subject to municipal jurisdiction.

STORMWATER — Water resulting from precipitation (including rain and snow) that runs off the land's surface, is transmitted to the subsurface, is captured by separate storm sewers or other sewerage or drainage facilities, or is conveyed by snow removal equipment.

§ 216-18. Prohibited conduct.

In addition to any prohibitions delineated elsewhere in this chapter, the spilling, dumping, or disposal of materials other than stormwater into the municipal separate storm sewer system operated by City of Somers Point is prohibited. The spilling, dumping, or disposal of materials other than stormwater in such a manner as to cause the discharge of pollutants into the municipal separate storm sewer system is also prohibited.

§ 216-19. Exceptions to prohibition.

- A. Water line flushing and discharges from potable water sources, but limited, however, to the capacity of the MS4 system and not to cause flooding of any public or private property or street, boulevard, avenue, road, highway, cul-de-sac, alley or other area of public travel.
- B. Uncontaminated groundwater (e.g., infiltration, crawl space or basement sump pumps, foundation or footing drains, rising groundwaters).
- C. Air-conditioning condensate (excluding contact and noncontact cooling water).
- D. Irrigation water (including landscape and lawn watering runoff).
- E. Flows from springs, riparian habitats and wetlands, water reservoir discharges and diverted stream flows.

- F. Residential car washing water, and residential swimming pool discharges.
- G. Sidewalk, driveway and street wash water.
- H. Flows from firefighting activities.
- I. Flows from rinsing.
 - (1) Flows from rinsing of the following equipment with clean water:
 - (a) Beach maintenance equipment immediately following their use for their intended purposes; and
 - (b) Equipment used in the application of salt and de-icing materials immediately following salt and de-icing material applications. Prior to rinsing with clean water, all residual salt and de-icing materials must be removed from equipment and vehicles to the maximum extent practicable using dry cleaning methods (e.g., shoveling and sweeping). Recovered materials are to be returned to storage for reuse or properly discarded.
 - (2) Rinsing of equipment, as noted in the above situation, is limited to exterior, undercarriage, and exposed parts and does not apply to engines or other enclosed machinery.

§ 216-20. Enforcement.

This article shall be enforced by the Code Enforcement Official of City of Somers Point.

§ 216-21. Violations and penalties.

Any person(s) who continues to be in violation of the provisions of this article, after being duly notified, shall be subject to a fine as set forth in § 216-2.
